

# Little Blue Natural Resources District

*"Serving The Public Since 1972"*

Item # 11

July 3, 2018

TO: WATER RESOURCE COMMITTEE – Warren Brakhahn, Lyle Heinrichs, Mason Hoffman, Kevin Kissinger, Jay Meyer, Lyle Schroer, Matt Spencer, Alan Wiedel, Randy Uhrmacher

CC: All Board Members, NRCS

RE: Water Resources Committee Meeting

DATE: **Tuesday July 10<sup>th</sup>, 2018, 6:30 p.m.**

PLACE: Board Meeting Room, LBNRD Office, Davenport, NE

## AGENDA ITEMS

1. **Flow Meter Question**

Mike Hoyer's irrigation well G-110316 is registered and tested at 75 gpm, it is located in the NE¼ 27-02-06W. Admittedly a well that district regulations require be metered. However, it isn't the sole source of water for the half pivot seen on the aerial. The water for the pivot comes from the dam, which collects runoff; and from a 314 gpm surface water permit on Spring Creek which is pumped into the dam. As he would never be affected by the potential allocation on the groundwater well, staff asks if the reporting of irrigation use could be from the flow meter on the pivot, which records water from all three sources.

2. **Discussion for Final Approval of Groundwater Rules and Regulations**

3. **Other Business**

Mike Hoyer

G-110316

Spring Creek
