

PRE-APPLICATION FOR A PERMIT TO CONSTRUCT AN IRRIGATION WATER WELL IN THE LITTLE BLUE NATURAL RESOURCES DISTRICT

The Little Blue NRD has implemented a ranking system which will be applied to irrigation well permits. This process is intended to assist the District in protecting the water groundwater resources, reduce irrigation runoff and minimize conflicts between groundwater users. All sites will be evaluated for aquifer and soils conditions. Conditions, or best management requirements, may be applied to permits which score below a minimum value for either the aquifer or soils evaluation. Because the time for the evaluation may require more than the 30 days allowed by law for approval of a permit, this pre-application process will help to prevent well permits from being filed which may have to be returned unapproved.

1. NAME: _____
ADDRESS: _____

Phone No. (____)____ - _____ **Cell No.** (____)____ - _____

2. IDENTIFY THE LOCATION OF THE WELL:

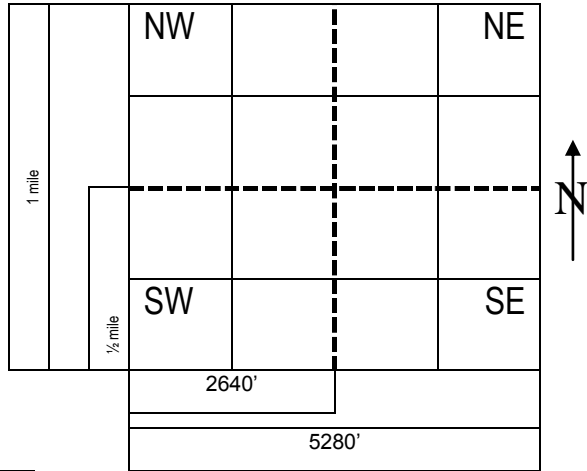

_____ County, Section (by quarter) _____ Township _____ North Range _____ East or West.

Well will be located _____ feet from the North/South Section Line and will be _____ feet from the East/West Section Line.

The GPS location, if recorded, is _____ Easting and _____ Northing.

The box at the right represents one square mile, (section). Indicate with an "X", the proposed location of the well, please sketch in the proposed water-use area. If water is to be used outside the above-written legal description, give legal description of water-use area below.

Section (by quarter) _____ Township _____ North, Range _____ East/West

3. IRRIGATION WELLS:

How many acres will be irrigated? _____
 Is this a second well to the system? _____
 Type of irrigation system? _____ Center Pivot _____ Gravity _____ Other (specify) _____
 Length of pivot, including end gun? _____
 Name of Well Driller: _____

_____ Date _____ Signature of Applicant

_____ Date Ranked _____ NRD Representative

Aquifer Score _____ Soil Score _____

This form must be completed in full and returned to the Little Blue Natural Resources District. Forward this application:
