

Joint Little Blue Basin Stakeholder Meeting
Little Blue and Tri-Basin NRD Voluntary Integrated Management Plans
November 19, 2018

DRAFT: Annotated Agenda

- General water management developments
 - GMP and Rules
 - Recharge projects (Sand Creek sub-basin).
- Voluntary IMP progress
 - Goals and objectives of two IMPs & comparison
 - Controls of two IMPs and comparison
 - DNR to require meters and reporting in Little Blue NRD, when trigger is met, and adjudications in Tri-Basin when same trigger is met. Differences are due to different NRD IMP controls, and DNR mimicking these.
 - What we do, regarding checking of acres for use/non-use (DNR), compliance (TB), Little Blue in process of certifying.
- Stakeholder Discussion (30-45 min)
 - General comments
 - What are we missing?
 - Reflections of IMP process
- Next steps
 - Seeking NRD Board approval of IMPs at Board meetings on Jan. 8, 2019
 - Will distribute IMP to all stakeholders when complete
 - Public hearing process planned for Feb-March 2019
