### 1. Cost Share Docket

### 2. New or Reconstructed Dams on Private Property Program

Discussion took place on the new dam program. It was decided to get more information from other NRDs before any decision was made. It was tabled until the next Projects and Planning Committee meeting. No action was taken.

### 3. Update on Ditch-work Projects

Belvidere and Hubbell ditch-work projects are completed. Reynolds is in progress and coming along well. No action was taken.

### 4. Update on Deshler Flood Study

We discussed the Deshler Flood Study meeting that took place in August. We went over the different ways they suggested to help mitigate flood hazards. Fyra and FEMA concluded that none of the options to protect the town would work or would be extremely costly. No action was taken.

The meeting adjourned at 8:22 PM.
